1. INTRODUCTION

The [2027 Canada Winter Games](#) (CWG) will be held in Quebec City, QC, from February 26 to March 15, 2027 featuring 40 sports.

Held every four years, the Canada Winter Games represent the pinnacle of national competition for emerging Canadian athletes. Beyond competition, the Games play a key role in Canada's sport development system, leaving a lasting legacy of sport facilities, community pride, and national unity.

Ringette Canada's Competition Review introduced the "Pursuit of Excellence" as a sporting framework that ensures athletes have access to a high-quality daily training environment, expert coaching, and consistent support from sport science and medicine professionals. Ringette BC's Excellence Ringette Program was developed in alignment with this national framework. As a result, the 2027 Canada Winter Games Program will be integrated into Ringette BC's [Excellence Ringette Program](#).

Excellence Ringette includes the following key areas:

1. A training environment for athletes that seek access to a high-quality program and meet the standards for entry; and
2. Training, management, and selection of Team BC athletes and Team Staff selection for the Canada Ringette Championships (CRC) at the U16 and U19 divisions and for the Canada Winter Games at the U20 division.

Excellence Ringette provides athletes with the training environment that will assist each athlete with attaining their personal success and individual goals. Excellence Ringette, and the CWG program, is a year-round commitment that provides individually adapted plans for athletes that align with a full season ringette calendar. This includes clearly outlined periodization stages for the athlete, parent and coaches to ensure that athletes are reaching peak performance at the optimal time of the season while also training effectively throughout the year. Athletes and coaches will have access to program training tools, sport medicine, and other resources as part of the CWG program. All athletes, coaches and team staff will be expected to meet program standards and expectations as outlined by Ringette BC and the Program Manager.

U16 and U19-aged athletes registered in the Excellence Ringette program while 18+ aged athletes can either be a full-time rostered player or affiliate for an NRL team. CWG Team BC athletes will be selected from Excellence Ringette athletes. CWG Team Staff and Athletes will be expected to participate in the Excellence Ringette Program during the 2026/2027 season. It is strongly recommended to participate in the Excellence Ringette Program during the 2025/2026 season. Program coaching staff will be selected through an application process and expected to be involved in the Excellence Ringette Program. Please see [Appendix 4 - Athlete Eligibility](#) for more details.

Athletes must commit to meeting program standards and expectations as outlined by Ringette BC. A Program Manager will be primarily responsible for program organization and delivery.
